Thanks to all scorers and captains for getting results and hi-lites to me promptly and accurately.

The Eau Claire Press Co. did a fine job of publishing dartball results and standings and Clell Buzzell and Ron Buckli have both assured me that they will give us a little paragraph or two each week on interesting side-lites and hi-lites. A big thank you to them and their staff for their co-operation.

The sportsmanship and fellowship seems to be improving even though the competition is getting tougher and keener each succeeding year. Like in all sports "winning" is "what it's all about" but not everything.

Any of you people who have any ideas for next year that might improve our league in any area, please convey it to your captain for discussion at the captains meeting next fall. Our league is getting better all the time but there is always room for improvement and unless the captains hear from their players nothing will be done. Best of luck to all of you and may the best team win.

Sincerely,

John McFarlane, scorer and  
publicity.
